TERROIR COLLECTION JAGGED ROCK VINEYARD 2018 CHARDONNAY

The uniqueness of site and soil; a depiction of the diverse Okanagan microclimates.

JAGGED ROCK VINEYARD

Jagged Rock Vineyard, surrounded by steep rocky cliffs at 1,400 feet elevation, is a remarkable spot. The sparse, sun scorched soils and heat reflecting off the cliffs provides an ideal viticultural environment. Each area of the vineyard has its own unique growing condition, allowing the winemakers to choose specific blocks to get the most out of the Chardonnay used to create this refreshing wine.

FLAVOUR PROFILE

Fresh citrus and green apple notes are woven together with a soft, almost creamy texture from subtle oak aging.

ESTATE | Oliver

ELEVATION | 356m - 385m

SOILS | Deep, stone free and formed from glacial deposits

SEASONAL CONDITIONS | One of the coolest on record, perfect for flavour development and natural acidity retention
