ABOUT BC CHILDREN'S HOSPITAL

As one of the world's top pediatric hospitals, BC Children's is leading the way in shaping the future of care. Experts are making bold advancements in personalized medicine that target the root cause of a child's illness. They are determined to put an end to chronic conditions like diabetes and asthma that rob kids of the joys of childhood. They are changing the odds for the most aggressive cancers—and ensuring children and teens receive timely access to mental health care.

This year Festival of Trees will be supporting our Excellence in Childhood Health fund. By participating in Festival of Trees, you're bringing us closer to achieving our most ambitious goals for children's health. Your contribution will fast-track breakthrough research, equip the hospital with advanced technologies and ensure kids receive care tailored to their unique needs.

Festival of Trees provides your organization an opportunity to align with the Foundation brand, one of the top brands in BC. This document outlines the details and benefits of being a Festival of Trees sponsor.
